Witney Heritage Open Days 2016 – Heritage Treasure Trail

1. *A Scheduled Ancient Monument, it appears in the Domesday Book of 1086 and was occupied by Mr Wadard before Mr Blake*
2. *Dedicated in 1485 it points to the sky and has a Long Bow practice range in front*
3. *The Chaps who work here have a boss – it's where he lived (A house flatter than its name suggests)*
4. *Witney is full of 'names' and this one goes back to 1660 and has a link to Oriel College (he wasn't just a Green Grocer)*
5. *The cooks would have gone here to buy Eggs and other dairy products.*
6. *Built in 1850, John Wesley paid a visit*
7. *Make your way across town to Marriott's Walk – find Witney Yarn Mosaic*
8. *Where might you go to find other Historic Items relating to Witney*
9. *In this place is a working piece of heritage – a blue plaque marks its original place of work*
10. *There is another Blue Plaque (in a place thinner and less flat than the picture)*

11. *Close by another church and a green made of trees, across the road with the arch is where the Quakers once met*
12. *Our 3rd Blue Plaque lives in the street where the architect Thomas Wyatt designed the infrastructure (it's not his plaque though)*
13. *Where would the 3rd Blue Plaque man, and all his fellows, have taken their work to be checked and authenticated?*
