Acknowledgements
Route and interpretation developed in association with Sustrans and Oxfordshire County Council. With assistance from Woodstock Town Council, Kidlington, Kirtlington and Tackley Parish Councils, and private landowners who have supported the development of off-road paths.

At The Start
The route is within comfortable cycling distance of Oxford. Cycle to Kidlington via NCN Route 51 or to Begbroke via Route 5. The route is accessible by train from Tackley railway station on the Oxford-Banbury Line. There are public car parks in Kidlington and Woodstock.

Safety Advice
• Ensure that your cycle is in good working order
• Check brakes, wheels and tyres
• Carry a puncture repair kit, spare inner tube, suitable tools, lock, money, food and drink.
• Wear suitable and high visibility clothing
• A cycle helmet is advisable and may reduce the risk of a serious head injury
• Take special care cycling downhill and crossing busy road junctions
• Ride in single file when roads are narrow or busy (and never more than two abreast)

**Cherwell Valley Ride**

An 18-mile route crossing railway, river and canal as it circles the lower Cherwell Valley on cycle paths, tracks and quiet roads. Joining sections of the National Cycle Network from nearby Oxford, it passes through Kidlington, Woodstock and picturesque Kirtlington as well as several other villages.

Begbroke Lane and Kirtlington Lane are bridleways, and can be rutted and muddy, especially in winter or after spells of wet weather. This can be fun for experienced off-road cyclists, but others may prefer to use the alternative routes shown on the map. Detailed directions for these are available on the Cherwell website.

### Directions

1. **Start at junction of Kidlington High Street and Banbury Road (by bandstand and cycle shop). Dismount to cross Banbury Road at signals (SP NCN). Cycle straight ahead along Lyne Road (ignore left turn Crown Road SP NCN). Pass Grovelands on left, then next TL into Partridge Place.**

2. **Dismount at level crossing (cross with care), then over canal bridge and FR along track (Begbroke Lane). Follow into village and along road. At end TL onto service road then shortly TR to dismount and carefully cross A44 using crossing point.**

3. **TR along cycle track, pass bus shelter and continue to Woodstock (take care over A4095 junction). Approaching town dismount and cross A44 at speed camera (SP NCN Banbury). TR then immediately hard TL up service road.**

4. **Continue on path beside main road and shortly TR along lane before garage forecourt. Continue along New Road and TL at end. Take third TR into Green Lane. At bottom left bend TR and follow past industrial units and along track (SP NCN Banbury).**

5. **At field gate carefully cross B4027 and continue along Dornford Lane. At end FR along minor road (ignore left fork SP NCN Banbury). At main road TL then immediately TR to cross A4260 (SP Rousham) with great care.**

6. **Continue downhill, then sudden TR uphill (SP Tackley). Ride into Tackley then TL (SP Tackley Station) and follow to Railway Station. Dismount and cross level crossing with care. Follow bridle track (Kirtlington Lane) ahead and bearing right.**

7. **At bottom TL (SP Kirtlington). Shortly FR over concrete bridge. Follow track over four more bridges to gate at Pigeon Lock. Go over canal bridge then TL up Mill Lane to Kirtlington.**

8. **At Kirtlington village green FR then TR onto main road. Follow through village, and at end TL along Bletchingdon Road. At Bletchingdon TL (SP Islip) then shortly TR along Oxford Road (SP Hampton Poyle).**

9. **Ride through Hampton Poyle (SP NCN Kidlington) and continue for approx. 0.5 mile. Sudden TR along surfaced track (SP NCN). Cross arched bridge and follow traffic free path through meadows to Kidlington.**

10. **At end TL and follow lane around Church into village. Cross into High Street. At sharp left-hand bend TR with care to continue along paved High Street back to start point.**

**Abbreviations:**
- TR - Turn Right
- TL - Turn Left
- FR - Fork Right
- SP - Signposted
- NCN - National Cycle Network
